Circuit Court of Appeals Affirms Calloway Court's Legalization of Local Option Law in This County

OVERBEY DECLARES OFFICERS STRICTLY WILL ENFORCE LAW

Mandate Makes Illegal Possession for Sale of One Per Cent Alcohol

GARRISON'S SUIT WAS DEMURRED IN AUGUST

The Circuit Court of Appeals at Frankfort Tuesday affirmed a previous decision of the Calloway Circuit court holding legal Local Option in this county, and a mandate to that effect, was filed in county court today by attorney Hall Hood.

B. W. Garrison in a suit filed last August, charged the local option election held in this county last June 26 was illegal and not binding on liquor dealers locally. Subject to the filing of the mandate Wednesday, Wells Overbey, county attorney, issued a statement that the local option law, which prohibits the possession for sale or "distribution of any beverage containing more than 1 per cent of alcohol, will be strictly enforced. The ruling, he said, is in effect now.

The mandate, as filed, eliminates beer, wine, brandy, and all forms of liquor from being sold or distributed in Calloway county or the city of Murray.

The vote for local option in Calloway county last year was 1,686 to 307. Garrison claimed the vote was illegal because the petition authorizing it did not bear the names of 25 per cent of the registered voters in the county.

Garrison's petition alleged that on April 24, 1937, there was "pretended to be filed with the Calloway circuit court clerk a purported petition, bearing the signatures of 192 'pretended legal voters' in the county" petitioning in election on Local Option. (The petition identified Garrison as a retail dealer in spirits, vinous, and malt liquors.)

On June 26, the complaint continued, a poll was taken on whether intoxicating liquors should be sold legally in the county, and a "pretended election" was held. The ballot, according to the plaintiff, read "Are you in favor of adopting the Local Option law in Calloway county?" and to this question 1,686 of the polled answers were "Yes" and 307 "No."

The charge declared the election was not binding because it did not have a sufficient percentage of the names of registered voters on the petition to authorize the vote.

Last August's term of Circuit court here decided the vote was legal and that the plaintiff, Garrison, was wrong. Garrison appealed the case. The circuit court of appeals affirmed the Calloway Circuit Court's decision.

Local Option is now in effect in Calloway county.

May 12 is Set for Achievement Day For County 4-H'ers

The 4-H Club Achievement Day in Calloway county will be held Thursday, May 12, rather than the originally scheduled date of Thursday, May 5, it was announced Wednesday by County Agent J. T. Cochran.

On that day, 4-H Club demonstration teams will compete for the opportunity to go to Lexington in June to the annual Junior Week held there. A health champion for both boys and girls, demonstration teams, and other specials will be selected.

Feed Loan Sec to Take Applications Only on Thursdays

Miss Kathleen Caldwell, local crop and feed loan secretary, said Wednesday she would receive applications for the loans only on Thursdays of each week until further notice.

Her location is in the office of the county agent. Through Wednesday morning, 56 persons in Calloway county had filed applications for the loans.

Corbett Grigsby of Perry county recently bought a pure-bred Milking Shorthorn bull.

Mrs. Nancy Parker Dies on Tuesday

Aged Lady Was Member of Primitive Baptist Church Since 1893

Mrs. Nancy N. Parker, 94, who died early Tuesday morning at the home of her son, Robert B. Parker, slightly more than four miles southeast of Murray, was buried Wednesday afternoon at the Old Salem cemetery, with the Rev. J. H. Thurman and the Rev. H. C. Croslin, Carrier, Mills, Ill., in charge of the funeral services. Her death was attributed to senility.

Mrs. Parker was a member of the Lone Oak Primitive Baptist Church, an institution which she joined in the fall of 1893. Her maiden name was Hale, and she was an aunt of Dr. L. D. Hale, practicing physician here. Her husband, the formerly prominent R. B. Parker, died 24 years ago.

Survivals are two daughters, Mrs. Nellie L. Watson, of Carrier Mills, Ill., and Mrs. Vester C. Stewart, Paragould, Ark.; and one son, already mentioned. In addition there were numerous grandchildren, several great grandchildren, and a few great great grandchildren.

Baptist Students To Have Banquet

Ralph Churchill Will Be Master of Ceremonies on Night of May 6

The Baptist Student Union of Murray will sponsor an "Old Plantation Banquet" at the First Baptist Church on Friday night, May 6, it was made known today by Ralph Churchill, student secretary.

Churchill said that night will act as master of ceremonies. Others who will appear on the program are Maurice Bailey, BSU president at Murray College; Rev. Sam P. Martin, pastor of the First Baptist Church here; Dr. H. M. McElrath, Sunday school superintendent; R. H. Churchill, Baptist Training Union director; Mrs. H. M. McElrath, Young Women's Auxiliary sponsor; W. M. Caudill, dean of personnel at Murray College; Lillian Hollowell, faculty adviser; R. H. Fawcett, Jr., state BSU president; and Dr. R. T. Skinner, pastor of the First Baptist Church in Bowling Green.

Newly-elected council members who will be formally received at the banquet are Eldon Byrd, president; Sallie Lemons, first vice-president; Katie Tarry, second vice-president; Geneva Outland, third vice-president; Evelyn Ruth Gingles, secretary; Iris Key, treasurer; Paul Lemons, reporter; W. C. McClanahan, chorister; Anna Marie Quirey, pianist; LaVerne Ryan, magazine reporter; Maurice Bailey, BYPU representative; Della Frances Bell, Young Women's Auxiliary delegate; J. P. Tucker, Sunday school representative; and Fred Gingles and Lillian Hollowell, faculty advisers.

FARMERS LAUNCH MOVE FOR RURAL ELECTRIFICATION

Ben F. Niles, W. O. Parr, Welch, McKittrick, and Others Attend

J. T. COCHRAN IS IN CHARGE OF MEETING

A hundred and fifty farmers and a tenth as many local business men were present Monday afternoon at the courthouse as a move was launched by the local farm bureau to bring about rural electrification in Calloway county.

The board of directors of the local unit in a meeting immediately following voted to start a rural electrification project here.

Led by the Rev. W. O. Parr, Paducah, district organizer of farm bureau, and Ben F. Niles, state president of the organization, the 150 farmers present voted emphatically in favor of electricity for the country home.

County Agent J. T. Cochran was in charge of the meeting, a feature of which was the showing of lantern films by State Extension Agricultural Engineer Earl G. Welch and John L. McKittrick, holder of the same office.

Joe T. Lovett, former Murray editor, headed a round table discussion which followed, and he seconded the opinion of the farmers present when he reviewed the text of the discussion at the close of the meeting with the statement, "There's no reason in the world why the people of Calloway county cannot have electrical conveniences in the country home."

E. G. Neale, president of the Calloway county farm bureau unit, said his present organization was eager to begin the project.

Parr, speaking for the farm bureau as a whole, declared the organization had gone into every county in the state in favor of rural electrification projects. "Electricity for the farm is no longer a remote and long-sought possibility," he said. "It has happened. It has been made possible to the American farmer."

Graves, McCracken, Fulton, Hickman, Marshall, and other counties have taken advantage of the opportunity for farm electricity, he said. "As a state organizer of farm bureau, I want to assure the people of this county our organization is willing to help to the limit."

Commander Rawls has announced that the district convention will be held at Gilbertsville, on Sunday, June 5, at which time district support is expected to be thrown behind Lovett. The district backed Lovett at the 1937 convention at Paducah, Ky., he stated. They have resided in Murray since 1928 and their two sons, Wells and John, are both charter members of the Murray Post of the Sons of The American Legion.

A former president of the Kentucky Press Association, (1931), Lovett retired as publisher of The Ledger & Times last October and is now public relations representative of the firm.

Mayor's Proclamation

Whereas, the City of Murray is placed in a fortunate position by the House of Representatives in Congress of the Gilbertsville Dam appropriation bill to start actual construction work I hereby call a mass meeting of all merchants, business and professional men and citizens as a whole to be held

THURSDAY NIGHT (TODAY) 7 P. M.

In the Circuit Court Room

The object of this meeting will be to form a Community Organization to secure the location of the various T.V.A. Unit offices here, as well as to get the personnel of these various offices to live in Murray.

This will mean a great deal to our city, and I request as Mayor of this city that you lend your support to this program by attending the mass meeting Thursday Night (Tonight), Given unto my hand this 28th day of April, 1938.

Signed, GEORGE HART, Mayor

House Approves Funds for Construction of Gilbertsville Dam; Work Starts July 1

MURRAY CITIZENS EXPRESS VIEWS ON DAM CONSTRUCTION

Mayor Hart Arranges Meeting of Business Men for Tonight at 7:30

LAND CHIEF HERE SIGNIFIES PLEASURE

After hearing Monday afternoon that Congress had voted construction funds for the beginning of work on the Gilbertsville Dam, Murray leaders in business, government, and education were enthusiastic in their reaction to the passage of the measure in this area had labored for seven years.

Mayor George Hart Tuesday made plans for a mass meeting tonight (Thursday) of business men to form an organization to cooperate with the TVA and to institute a program of action favorable to the dam.

The citizens' meeting called by Hart will take place at 7:30 tonight in the circuit courtroom. The mayor especially urged all interested in better business here to attend the session.

President J. H. Richmond of Murray State College, and chairman of the Lower Tennessee Valley Association, declaring that the measure was "one of the greatest blessings economically, socially, and educationally which this country has ever enjoyed," asserted his willingness and the willingness of Murray College to cooperate with the townspeople here.

George M. Baker, manager of the TVA Land Acquisition Office located here, expressed himself as being "pleased with the action of Congress in approving the funds, and hoped it would proceed rapidly with the program. "I feel confident," he said, "that the construction of Gilbertsville Dam, and its attendant program of development, will be a material benefit to this county."

F. H. Hays, executive secretary of the Lower Tennessee Valley Association and one of the most ardent workers for the dam, said the TVA started, said the construction of this dam "would solve the major problem of business here for a hundred years to come."

Senator T. O. Turner, who favored a Lower Valley dam but not at Gilbertsville, declared it was like "losing an election. It is still our country," he said, and can be kept them from damming the Ohio and destroying the corn crop of Western Kentucky? Let's band together to save our Calloway county population—the people who will have to move—and secure for them real estate prices that will locate them in a reasonable way in a new home."

An enthusiastic supporter of the proposition was T. H. Stokes, president of the People's Savings Bank here and a member of the state welfare board. "Murray will be a real estate boom town," he said, "and these will enrich our schools, our churches, and our business. And for all time to come, we will have a much improved section of country."

Treman Beale, prominent local citizen and president of the Bank of Murray, declared the building of the dam would materially benefit the county. "The expenditure of \$112,000,000 in Western Kentucky undoubtedly will help Calloway county. Now is the time we need a good live, wide-awake Chamber of Commerce office in Murray."

County Agent J. T. Cochran said the dam would put "a concentration of erosion control facilities in the county." A large percentage of the rainfall in this county, he said, runs into the TVA basin, and dam officials will not want that basin filled up with debris which will bring about invaluable erosion control practices which will help the country immensely.

V. C. Stubblefield, Sr., Murray druggist, declared the dam would be beneficial to Murray schools, business men, and merchants. Real estate, he said, will advance, and the value of farm land will be enhanced.

It was the opinion of Harry Siedel, president of the Young Business Men's Club, "that the starting of the Gilbertsville Dam gives our people a renewed confidence. The appropriation," he

Let's Grow Together

Congress Monday approved \$2,613,000 for construction work this year on the Gilbertsville Dam. That sum will be spent between July 1 of this year and July 1, 1939.

Whatever our differences concerning the building of the dam, we know this: It is to be built. The die is cast.

The whole of Western Kentucky today smiles in anticipation of the greatest industrial boom in the history of the Commonwealth. Let us all, differences forgotten, face the future, not with trepidation, but with the assurance that we can aid in building a great community commonwealth.

Since the dam is here, since the decision is made, let us cooperate with the spirit of the progressive whole and in so doing aid ourselves!

Let us, whose lands have not been disposed of, aid those whose farms are gone in obtaining other worthy farms at low prices near us!

Let's be builders and supporters. If we are the unfortunate ones whose lands are gone, let's rebuild in Calloway county.

And with our new lands, and hopes, and our hopes for a more stable commerce, we can all of us live in the security and the prosperity of a rejuvenated citizenry!

Let's help them build! Let's grow together!

DWIGHT CRISP TO WORK WITH B.S.A.

Resigns Principals of Health High School to Become Assistant Executive

Announcement was received here Saturday of the appointment of Dwight D. Crisp, principal of Health high school for the past four years, as assistant to Scout Executive Roy C. Manchester of the Chief Paducah Council area, Boy Scouts of America. Crisp's resignation from the school became effective Monday, and he began work with the Scout organization immediately.

Crisp is the son of Mrs. J. W. Crisp, of this county. He is a brother of Mrs. Nicholas Hutson, Murray. His father and mother taught school for many years in this county and others. His father died some six years ago. Dwight is a graduate of Murray State College.

Crisp will work directly under the executive in Paducah and throughout the council area, which includes all the Purchase counties of Kentucky and Obion County, Tenn. His headquarters will be in Paducah, and he will live in Union City.

Announcement of approval of Mr. Crisp for the position was received from the national Boy Scout council at Washington Saturday. He will attend a national Scout executives' training school at Briarcliff, N. Y., from July 1 to August 15. He has had active experience in Scouting as Scoutmaster for the past six years.

The addition of an administrative assignment will make possible an expansion in the activities of Scouting throughout the council area, Mr. Manchester, Scout executive, said.

City Judge Wars on Bootleggers

Declaring he was determined to break up the whisky-making and distributing ring in Murray, Judge Ethan Irvan Monday reported the arrest Saturday night of Gladys Jones, colored, with two-thirds of a gallon of whisky on his person. Jones paid a fine of \$50 and was released.

Sunday morning, city police led by Chief W. B. Parker arrested Mary Marvel, colored, who had the officers said a water bucket half full of liquor. She paid a fine of \$50.

In addition, Irvan reported the arrest of eight persons on charges of drunkenness through Saturday night and Sunday.

MARGIN OF SEVEN VOTES PAVES ROAD TO PROJECT OKAY

Gilbertsville is Jubilant After Announcement is Radioed

MAYOR TO ORGANIZE LOCAL COMMITTEES

WASHINGTON, April 28—By the narrow margin of seven votes, the House finally approved Monday a \$2,613,000 appropriation for starting construction of a huge Tennessee Valley Authority dam near Gilbertsville, Ky.

The members decided by a 159 to 152 roll call vote, to reverse earlier decisions and agree to the appropriation, which the Senate already had approved.

There appeared little prospect, however, that the money would become available immediately because it is included in the \$1,425,145,000 independent offices appropriation bill, over which the two chambers still are in disagreement.

The House refused for the second time to approve a Senate rider to the measure requiring Senate confirmation of any new officials of the government's many independent agencies which receive more than \$5,000 annually.

Until this difference is composed, the big supply bill can not go to President Roosevelt for signature.

The Gilbertsville appropriation was approved without debate, although it had been the subject of lively controversy when it was before the House previously.

The cost of the completed dam has been estimated at more than \$100,000,000.

Immediate Start Is Seen. Indications that construction on the \$112,000,000 Gilbertsville project would begin soon after the appropriation was granted were made by TVA engineers who met in Paducah in a conference April 14-16.

E. A. Prokop, acting construction engineer of the TVA and engineer in charge of the Gilbertsville dam, said that the conference was held here "to get the project in good shape so we can get an early start on it."

Land purchases by the TVA in the Gilbertsville area already run into hundreds of acres, and the county court clerk's office at Paducah reported this afternoon that five additional deeds were filed there by the TVA.

The dam was scheduled to get under way early in the fiscal year of 1940, which means the later part of 1939. But engineers announced that progress in the preliminary investigation work at the site was so rapid and satisfactory that the work could begin earlier than at first planned.

Gilbertsville Is Pleased. GILBERTSVILLE, Ky., April 28.—A radio bulletin of only a few short words sent excitement surging through the 328 inhabitants of this Marshall county town Monday.

Even the mechanical clerks and engineers in the TVA office here—temporarily housed in a garage—joined the townspeople in rejoicing that an appropriation of \$2,613,000 to begin construction of the giant \$112,000,000 lower Tennessee valley dam a few hundred yards from the heart of town had received approval of the House of Representatives, after being rejected on two previous roll calls.

While the vote was being taken on the Gilbertsville dam appropriation in the House, work which was started early in February to freeze a section of earth so the engineers could sink a shaft to bedrock 90 feet below was still in progress. It is the final step of investigations started in the spring of 1936.

The Gilbertsville dam will be 1.6 miles long, stretching from a cliff on the east side of the river, across the stream, and across a flood plain on the west side to the hills.

Engineers said that it would require about six years to complete.

Building Work Is On Boom

The building and remodeling industry in Murray is budding into a full grown flower as the sunshine of the past few days has given a decided impetus to the program. North Sixth street is on a decided boom, with the house that Treman Beale is building is about completed. J. B. Wadsworth's home is well underway, and Jack Kennedy has started the basement for his new home. Jack Sharborough of the Calloway Lumber Company is planning to build three new homes on North Sixth between John Cochran's home and the new Beale house. Luther Dunn is remodeling his home on Poplar.

J. B. Wadsworth of the Murray Lumber Company reports a great amount of activity for his firm and states that they are grading the street this week for the new addition on West Poplar between Twelfth and Fourteenth.

The Calloway Lumber Company reports the following "building" news for Murray and Calloway County: Carey Tarry, is giving his home a general remodeling; Audrey Farmer is adding a new bath room; Connie Ford, a new basement and general repair to his home; George Upchurch, general repair; Miss Emma Helm, new rooms in basement and sidewalk; Leon Smith, extra room and garage; J. C. Crawford at Lynn Grove, two new rooms and bath; Doc Palmer is remodeling at Kirksey; Mrs. S. A. Cunningham is re-roofing and painting; Pat Morgan at Kirksey is building a new

Another Milestone has been marked in the history of Murray and Calloway county with the assurance given this week that the Gilbertville Dam will be built. It will start a boom which will start a superhighway of trade to Murray merchants.

There will be a demand for residences in this county. It is up to us to provide them and have them ready when the influx of people who will be connected with the project arrive.

The population of our city and county will grow—Men will be given year around employment for several years.

Senator Barkley is to be congratulated on his untiring efforts in getting the appropriation through the Senate and his influence helped its passage in the House, in spite of the fact that the House turned the appropriation down twice.

There is a smile on the faces of Calloway county today. It is our duty to demand that those whose land will be destroyed by the water in a few years receive a just amount for their dispossession.

They are our friends and neighbors. Let's help them find new homes here in dear old Calloway.

There is no place like home—let's make these people feel welcome in some other part of the county that will not be flooded.

Progress is really going forward. The Farm Bureau, in voting to push the movement for Rural Electrification, is doing a great piece of work for the citizenry of the county. Our friends there can have the same comforts that those in the city. Electric power and lights is the cheapest power in the long run, and can be adapted to more uses. This is especially true around the farm. Giving them lights is a small portion of the cost to go to be derived from Rural Electrification.

Henry Ford, the greatest industrialist of the age, and President Roosevelt met yesterday on common ground.

When the government quits fighting big business and big business quits fighting government we will have no recession.

It takes capital to run business and make labor—Destroy capital, you destroy labor, and in the end government and the people.

Congratulations to the High School Graduates who are leaving their old school for the last time next week. We wish for them a brighter future. Let's hope that as many as wish may continue their education at Murray State. Education of our citizenry as a whole is the one main reason why America will never stand for Dictatorship, Fascism, or Nazism, or Communism.

To those graduates, let us say, there is always a good job for the one who works hardest. You will have to start at the bottom in business or any profession you undertake, but your progress will be more rapid, and you will be paid in the long run for studying.

Pine Bluff Nine To Open Play Sunday

The Pine Bluff baseball team will open its season of play Sunday afternoon, May 1, at the Bluff diamond when they will oppose a strong Centerville, Tenn. nine. Coach Otis Eldridge, veteran of the baseball circles, stated his East Side men were in good condition with the exception of Thompson, who had strained his arm late in last season's playing period and is not likely that he will be in shape for mound duty for the 1938 schedule. Eldridge was highly satisfied with the type of game displayed by his men last Sunday in a practice game.

The Pine Bluff lineup will probably be picked from the following candidates: L. Bucy, S. Bucy, Clyde Steele, Willoughby, Elkins, Dale Pafford, C. Salpers, Melton, McCaig, Thurman, Puckett and the Smotherman twins.

The Pine Bluff schedule has several open dates and teams wanting games with the Bluffs should get in touch with Otis Eldridge.

Rectification
In our last issue, we mentioned that Guy Billington was named secretary-treasurer of the Chandler Campaign Committee in Calloway county. The name should have been Owen Billington. In that story too, we said Abe Thompson would represent the Veterans and the American Legion. He will represent the Veterans but not the Legion. We are glad to make this correction.

Shiloh Baseball Team To Have Practice Tilt

The Shiloh baseball team will meet the strong Independence club at the Shiloh diamond Sunday, May 1, at 2:30 p. m. in a pre-season practice game, according to G. D. Nobles, manager of the Shiloh nine.

The Shiloh tilt has put in several days of practice and Manager Nobles is well pleased with the progress made thus far. After the practice affair Sunday afternoon, Nobles stated that the regular beginning lineup would be determined.

Wells Overbey To Address Grads at Faxon High May 4

County Attorney Wells Overbey will deliver the commencement address at Faxon High School on Wednesday night, May 4, officials of that school announced Wednesday.

The Rev. Bruce B. Maguire, Presbyterian minister here, will give the baccalaureate sermon this Sunday afternoon at 3 o'clock.

After Attorney Overbey's address Wednesday night, Principal W. H. Jones will present diplomas to the graduates.

The senior play, "An Old-Fashioned Mother," or "The Black Sheep," will be given in the high school auditorium Thursday night, May 5, at 8 o'clock. The faculty-student play, "A Poor Married Man," is a farce-comedy in which Principal Jones and Professor J. H. Walston and Miss Brandon are featured as laugh teams.

Baucum States Oil Sales Climb

The Jackson Purchase Oil Company is jubilant over its increase in business, according to T. O. Baucum, manager. During March of this year the company did 33 and one-third per cent more business than in March a year ago and April this year is showing a 25 per cent gain over March of this year. Officials there operate three company-owned stations and have 40 resale customers whom they serve, who handle Diamond products. Business is on the up-grade in Murray and Calloway county and Mr. Baucum stated that they had nothing to worry about, that the recession had become a progression.

Jeffrey Child to Return; Turner Solicits Support

Little William Jeffrey, Jr., a patient since last August in the Kobar hospital for crippled children in Louisville, will return to his home here tonight where it is hoped he eventually may be able to walk with the aid of braces.

His mother, Mrs. Grace Jeffrey, accompanied him here from Louisville.

T. D. Turner, chairman of the local drive to raise funds for crippled children, expressed today his desire that Calloway people contribute to the fund. "Any money can be received," Turner said, "by Dr. J. A. Outland at his office, or by Miss Katie Martin at Turner's Store. Please do not let Calloway fall in the drive to which so many counties have so generously contributed."

Turner's final report of the drive will be available Monday, May 2.

In Memory

John William Lawrence was born August 23, 1903; died April 11, 1938. He leaves to mourn his going his widow, Opal Harris Lawrence; two brothers, Clois and Nathan; two sisters, Mrs. Edgar Armstrong and Mrs. Will Armstrong; his mother and two sisters, Mrs. Ernest Jetton and Martha Beyond.

John had been a Christian since he was a boy having been baptized into the membership of the Salem Missionary Baptist Church by the Rev. L. V. Henson who also conducted his funeral. He was manager for the Masonic Lodge at Murray, and member of the lodge served as pallbearers.

For the last eight years John suffered from ill health, spending three years in the Oakville Sanatorium at Memphis, like a gallant soldier fighting to regain his health. He bore his pain and suffering with the patience and fortitude that only a noble soul could do.

Before ill health overtook him, John had held many good positions in the business world. He was manager for the Gulf Refining Company in Memphis for six years and at the time of his death was engaged in the mercantile business at Brown's Grove. His passing brought deep sorrow to his community and to his many friends for John was loved and respected by all who knew him. He was friendly and cheerful with everybody, kind and considerate of his father, and of his brothers and sisters.

The devotion of John and Opal was a lovely thing. Her tender care and love for him during their almost 10 years of married life was beautiful indeed. In these hours of sorrow and anguish may God hold her and keep her in the shelter of His infinite love. "I am the Resurrection and the Life. He that believeth in Me though he were dead yet shall he live again. Asleep in Jesus Blessed sleep, from which one never wakes to weep."

IN MEMORY

In memory of our little daughter, Julia Frances Clayton, born January 20, 1932, departed this life April 26, 1938.

Six long years ago today Our baby daughter passed away. Since then we're blessed with two dear boys Who help to cheer and bring us joys.

Here our chain of links is broken. While in the world we anguished roam. We trust 'twill be complete some day When Jesus calls us to our home.

Over there in yonder churchyard There is just a tiny mound. There is one we dearly cherished Sweetly sleeping in the ground.

And up there in heaven's portals That is shining bright and fair, Little baby now is resting In the Saviors' loving care.

We know heaven was made brighter— When our hearts were made so sad. But there's one who shares our sorrows And who helps to make us glad.

Almo Seniors Present Play

The Almo senior class will present the play "Anything Might Happen," on Wednesday night, May 4, at 8 o'clock. The main character part, that of Lyle Flower, is played by Wayne Jones. The play offers plenty of laughter.

The freshman and sophomore girls will entertain the audience between acts.

Kirksey High School

Senior Class Play

Don't forget the play to be presented by the senior class of Kirksey High school, Saturday night, April 30. The play is every bit as good as the title—"One Delirious Night"—sounds. The characters, who couldn't be better selected, are as follows:

Mrs. Martha Arnold, a tyrannical grandmother, Maurine Rogers.

Lilly Clark, Mrs. Arnold's maid, Thelma Dale Marine.

Lefty Dogs, her steady and a crook, Norville Cole.

Hannah, Mrs. Arnold's Cook, Gladys Hawks.

Patricia Arnold, Mrs. Arnold's granddaughter, who has hallucinations, Mary Elizabeth Johnson.

Sally Winfrey, Patricia's chum, Mary Sanders.

Dick Delray, Patricia's fiancé, who has fits, Toy Ezell.

Freddie Fenwick, Sally's admirer, Vernon Wilson.

Paul Hammond, alias Hawkins, the butler, James Potts.

Colonel Frank Delray, Dick's absent-minded grandfather, Pat Rogers.

Mavis Jordan, Colonel Delray's secretary, Beatrice Sue Norsworthy.

The return trip started at about 3:00 Saturday afternoon. They stopped at Fulton, Ky., for a short rest and a bit to eat. Continuing the journey, they arrived at Kirksey safe, sound and cold between 10:30 and 11:00 that night. In spite of the cool weather everyone seemed to enjoy this trip. The trip, made possible by the hard working juniors, was in honor of the deserving senior class.

The only accident that could be mentioned was the loss of a baseball cap. This costly loss was suffered by Fred "Turk" Carson, a member of the junior class.

Arriving in Memphis about 11 o'clock, the group headed for the Memphis Zoological Garden. The trip through the public zoo was very interesting. Many in this group found out that an observing person will greatly benefit by a visit to such an educational place of entertainment.

Mr. and Mrs. Roy Hurt, Murray, Mr. and Mrs. Cheon Sanders and baby, Kirksey, visited Mr. and Mrs. E. E. Youngblood Sunday.

Butt-Kennan is unimproved. Sorry to hear Hafford Darnell had to be carried to the clinic with appendicitis Sunday night.

Mr. and Mrs. Burie Wilson visited his mother and family Sunday afternoon.

Glad to know Mrs. Azzie Ezell is improving.

Mr. and Mrs. Burnard Jones were Sunday afternoon callers of Mr. and Mrs. John Ezell.

Mr. and Mrs. Czar Haneline, Mr. and Mrs. Luke Lamb, Mr. and Mrs. Ravel Haneline and daughter were

Mr. Green, who can cure anything, S. G. Pool, O'Brien a police officer, Lyman Dixon.

Mrs. Wilson, the coach, has made an excellent job of coaching the play and the characters are top-notch. Come and enjoy "One Delirious Night" with us!

Juniors Entertain Senior Class Saturday morning, April 23, about 4:30 the junior and senior classes of Kirksey High school, accompanied by Mr. Lassiter, Mr. and Mrs. Crass, and Mr. and Mrs. Theron Riley, boarded a truck at Kirksey for a trip to Memphis, Tenn. This group kept cool, calm, and collected (mostly cool) throughout the trip. A slight stinging breeze from the north caused most of them to get a bad case of "cold feet."

COOKING SCHOOL

(Continued from Page 1, 1st Sec.)

Keeping up-to-the-minute on fresh discoveries to ease the home manager's burdens, is one of the jobs of the household specialists who supervised the demonstrations in this profitable cooking school. Because they have devoted years of training and study to home problems, these capable experts know how to help other housekeepers to run their homes more smoothly, interestingly and economically. Under the glow of their enthusiasm and creative skill, a well-cooked meal becomes elevated from "just a job" to an artistic achievement, requiring skill and imagination.

"Not only does this picture show new dishes, styles, and interesting ways to serve everyday meals and party feasts, but it demonstrates how to make intelligent use of the ingenious mechanical servants that take the guess work out of house work."

What about recipes? Naturally every guest of the Ledger & Times will want to test these tantalizing recipes for menu monotony. Free recipe sheets will be distributed daily. And other things will be given away—valuable gifts that will find long and useful life in many a home.

Guests at the school will want to meet and remember the friendly local firms and nationally-known products that are helping the Ledger & Times in this community undertaking.

The following attendance prizes will be awarded to those attending the Cooking School. Each day Lever Brothers will award a gift box of Rinsol, Lux, Lifebuoy Soap, and Lux Toilet Soap, and a 3 pound can of Spay. The Quaker Oats Company will award a gift box each day containing one package of Oats, one package of Aunt Jemima-Pancake Flour, and one box of Puffed Wheat; and The Foley Manufacturing Company will award one Foley Food Blender.

On the last day, April 30, besides the daily prizes the Murray Milk Company will award five prizes of one pound each of Sunburst Butter; Gladys Scott's Ready to Wear Shop will award a \$1.95 House Dress; The Boone Cleaners will award \$12.50 worth of Dry Cleaning; The Stokes-Smith Motor Company will award a \$12.50 Car Wash and Grease Job; and the Johnson-Fain Appliance Company will award Free Cook Books to all registering every day, and on the last day three \$10 credits on the purchase of a new 1938 Fridgidaire Refrigerator or Electric Range or Electric Kerosene Refrigerator (only one credit allowed on each sale) and a 6 piece set Rotary Refrigerator Dishes.

"Does your house run you? If so, why not accept the Ledger & Times' invitation to join the neighborly cooking school party Friday and Saturday mornings of this week at 10 a. m."

Sheep owners in Henry county have insured more than 4,200 sheep.

Pine Bluff Briefs

Shed diggers are hard at work but they don't need much rain for the Old Tennessee has been at the top of its banks for about a month.

As Sunday was such a pretty day many persons had that urge to go somewhere.

Mr. and Mrs. W. F. Brigham had as guests Sunday Mr. and Mrs. Hill Gatlin of Tharpe, Leon Spiceland of Donelson Springs, Mrs. Frank Miller and daughters, Daphne and Frances, and Miss Clemmils Boyle.

Marie Moody of Calloway spent Saturday night and Sunday on the creek.

Mr. and Mrs. Jim Greenup had as guests Sunday Mr. and Mrs. Nathan Owen; Mr. and Mrs. Luxley Lancaster; Mr. and Mrs. Melbourne Burman and family, and Miss Eugene Barrow.

Estel Herndon and mother and two sisters were the guests Saturday night of Mr. and Mrs. Marion Peale.

Mr. and Mrs. Gordon Greenup spent Saturday night as guests of the latter's parents, Mr. and Mrs. Thomas Lyon of Bailey's Creek.

Bro. Henry Hargis of Calloway county spent the week-end with Miss Aline Barnes.

Mrs. Lulan Moody, of Knight, Ky., is spending a few days with relatives in this section.

Will Barrow and sons, Edward and Marvin, went to Model Saturday.

Elmo Barrow spent the week-end in Tharpe.

Mr. and Mrs. Lee Lyon announce the birth of a daughter, Bonita Gray, last Sunday. Those who have visited the Lee home during the past few days are as follows: Mr. and Mrs. Otis Steele and family of Model, Mr. and Mrs. Murray Carr and son, Conrad; Mr. and Mrs. Ira Lyon and two daughters, Nanny Ruth and Lietha Anne; Miss Tennie Wilkerson, Mrs. D. H. Boyle, Miss Clemmils Boyle, Mrs. Belle Crutcher, Miss Robbie Milton, Mrs. Lulu Moody, Edward Milton, Thomas Lyon, Mrs. W. F. Brigham, Mr. and Mrs. D. W. Deane, Milton and daughter, Helen Ruth.

Several persons have been on the sick list during the past week. "Uncle Joe" Phillips has been very poorly. W. A. Lyon, Ronald Robertson, and Floyd Milton have been sick with flu.

The pie supper held at St. John school house Saturday night for the benefit of Byrd's Creek baseball club, was a success.

Byrd's Creek Nine Wins 21-2. The baseball game Sunday afternoon played between the Byrd's Creek Bears and the Model Tigers resulted in a win for Byrd's Creek by a score of 21-2. Batteries for Model: Carney, Barrow, and Putrell; for Byrd's Creek, Milton and Lyon.

Teams wishing to meet Byrd's Creek nine are asked to write to its manager, Robert Robertson, Model, Tenn.

Max B. Hurt Will Give Almo Speech

Miss Frances Sulter is Valedictorian and Miss Halline Lassiter Salutatorian.

Max B. Hurt will deliver the commencement address at the Almo High School on Thursday night, May 5. It was announced today by Principal Guy Billington.

The Rev. R. W. Winchester, Benton, will give the baccalaureate sermon Sunday afternoon, May 1, the principal said. Class night is scheduled for Monday, May 2, and the senior play will be given Wednesday night, May 4.

Miss Frances Sulter will deliver the valedictory address, and Miss Halline Lassiter the salutatory. Billington announced the following honor students in the several grades at Almo throughout the year: first grade, Anna Ruth Billington and Betty Jo Holzapfel; second, Alice Nanney and Rebecca Roberts; third, Deborah Ann Cleaver; fourth, Dortha Mac Roberts; fifth, Mary Sue Rose; sixth, Katie Rose Linn; seventh, Mydelle Roberts; eighth, Nell Lassiter; ninth, G. W. Wood; tenth, Nell Sulter; eleventh, Katherine Washburn; and twelfth, Frances Sulter, Halline Lassiter, and Margaret Roberts.

Scoutmaster Ralph Wear asks the continued cooperation from parents, friends, and all others interested in Murray Scouting. He stated that Troop 45 was building a sound and strong background which if continued would produce the best Scout work ever attempted here. Wear said he was greatly pleased by the response given by the parents of Murray and Calloway county in their efforts to promote Scouting.

CMTC Aspirants May Get Blanks From H. I. Sled

Applications are now being received by Harry Sled for entrance into this summer's Camp Military Training Camp to be held at Fort Benjamin Harrison, as in the past. The CMTC course can be carried through four summers of training at the end of which time if the applicant is successful in passing his examinations he becomes a member of the Officers Reserve Corps with a commission as second Lieutenant.

Applicants for the basic course must be between the ages of 17 to 24; red or second year course, 18 to 25; white or third year course, 18 to 28; and blue or fourth year course, 19 to 29.

There are several vacancies for Calloway county, and application blanks can be secured from Harry Sled at his store or from the Ledger & Times.

The course lasts about 30 days. Transportation costs are paid to and from camp by the government. All applicants must pass a physical examination.

Christian Church Leaders to Meet

A. V. Havens, president of the Purchase District Convention of Christian Churches, said today that organization will meet at the First Christian Church in Paducah May 2-3. The annual young people's banquet will be held at 7 o'clock on May 2. The convention proper will begin at 9:30 the morning of May 3.

The morning's session will include the President's address and concurrent conferences on "Women's Work in the Church," "Sunday School Work," and "Ministerial Methods."

H. T. Wood, minister of the Linden Avenue Christian Church, Memphis, will be the guest speaker during the afternoon session, as also will B. C. Bobbitt, state secretary. A business session will follow.

In the evening at 7 o'clock, the annual layman's banquet will be held, with H. T. Wood's giving the principal address on "Men's Work in the Church."

SCOUT NOTES

Troop No. 45 held its regular weekly meeting Tuesday night in the recreation hall of the First Christian Church on North Fifth street. Twenty-five boys were present to study hike craft on which much time has been spent in preparation for the Camporee which will be held May 27, 28, and 29 at the Luther Carson Park in Paducah.

Every Scout is urged to be present at every meeting. We have only a few short weeks to become efficient in all phases of camp life. It will be necessary that each Scout give attention to every detail discussed by officials at the regular sessions.

Scoutmaster Ralph Wear asks the continued cooperation from parents, friends, and all others interested in Murray Scouting. He stated that Troop 45 was building a sound and strong background which if continued would produce the best Scout work ever attempted here. Wear said he was greatly pleased by the response given by the parents of Murray and Calloway county in their efforts to promote Scouting.

Cub Scouts

Scoutmaster Ralph Wear asks that much time and energy will hereafter be given to the Cub Scouts who have not yet reached their twelfth birthday and that the patrol now has six members and that two others will be added to complete the full number. At present the following compose the Cub patrol: Samuel Elliott, Ben Crawford, Pat Baker, Gene Ryan, Gene Allbritton, and Mac Carter.

Registered Scouts

The following Scouts have paid their registration fee and will receive their cards in a few days: Richard Boggs, Charles Clark, Gene Crawford, Larry Doyle, Harold Doran, Junior Davis, Henry Erwin, Jack Hamrick, Richard Gholson, Robert Hopkins, Dan Hutson, Garnett H. Jones, Tom McLean, Castwell Parker, Bill Pogue, Jimmie Robinson, Junior Roberts, Billy Rose, Fred Shackelford, Bulst Scott, Lue Veal, Jr., Fred M. Wells, LeRoy Denham.

Every Scout is urged to be on time and to bring with them the required materials at each meeting, so that it may be possible for them to "learn by doing."

Maguire to Make Concord Address

Commencement is Set For May 5. C. L. Francis to Preach Baccalaureate

The Rev. Bruce B. Maguire, Presbyterian minister, will deliver the commencement address of the New Concord high school on Thursday night, May 5, it was announced today by Principal Oury Lassiter.

The commencement week program will begin Sunday, May 1, at 2:30 in the afternoon at the school auditorium when C. L. Francis, minister of the Church of Christ here, delivers the baccalaureate sermon to the 16 graduating seniors, one of the largest classes in the history of the school.

Behind the Scenes in American Business

NEW YORK, April 25.—BUSINESS—Before the start of a race, the horses are usually nervously stomping the ground and milling about at the post. Jockeys have a difficult time steering their mounts into the right lanes and there is much confusion. Sometimes one horse breaks the tape and the race has to be started over again. In much the same way business and government are trying to restart the "prosperity" race. There is confusion at present but eventually the gun of confidence will go off, purchasing agents will begin to buy, men and women will go back to work, factories and mills will hum and better times will return. It has always happened in the past . . . it will again.

WASHINGTON—While Senators and Congressmen are anxious to get back to their constituents, hope of an early congressional adjournment seems to be fading. No agreement has been reached between the House and Senate committees on the tax bill and a long fight over the wages and hours bill appears in the offing. The new bill, which has the approval of the American Federation of Labor, sets a minimum wage of 25 cents an hour and a 44 hour week. The announcement last week that the Treasury will begin to retire \$50,000,000 of its maturing bills each week with the proceeds of gold de-stabilization means that the Federal debt will be reduced by this amount each week.

GOLD MINING—One of the few businesses in the world that requires no salesmen is gold mining. Every ounce of gold recovered in some desolate western mining camp has a ready market at the government assay office. The

price is \$35 an ounce. Last year there were 4,752,801 ounces of gold mined in America, putting \$168,348,035 into the pockets of mining companies, such as the Homestake Mining Company in Idaho, and their workers. After the gold is mined it is weighed at the assay offices and sold to the U. S. Treasury. The money to pay for the gold can be raised by either by printing dollar bills against the gold, or by borrowing the money from banks and individual investors; through the issuance of government bonds.

WHAT DE-STABILIZATION MEANS—When the government issues bonds to pay for gold, the gold is called "sterile" because it was acquired without putting any new money into circulation. Much gold is shipped to this country from abroad either because its owners think America a safer place to keep it or because they wish to "establish credits" which they can "purchase" goods. The government pays for this gold just as it pays for domestic gold. Both the foreign and domestic gold is melted and shipped in bullion form to various inland cities such as Fort Knox, Kentucky, for safe-keeping in large underground vaults. When the government announced last week that it would de-sterilize gold, it was saying in effect that it no longer would sell bonds to pay for gold but would issue dollar bills against \$1,391,000,000 of sterilized gold, thus putting new money into circulation and it is hoped, into the pocketbook of John Q. Public.

DO YOU KNOW THAT—There are only 8,000 hospital beds in all China, which has a population over 400,000,000, according to the American Bureau for Medical Aid to China—America's public debt in 1932 was \$20,937,350,964; its war time peak was \$25,479,000,000. It now is \$18,062,000. Nearly 25,000,000 workers lost 23,000,000 days of work in 4,600 strikes last year. Two thirds of the strikes were for union recognition, one third for pay and hour benefits—There are about 1,000,000 stockholders in the United States with annual volume of \$40 billion who provide employment for some 3,500,000 workers and have annual payrolls between 3 and 4 billion. Retail distribution in America's third largest industry—There are 11,163,000 horses in the nation and the average cost of a horse is between \$90 and \$100.

HEADLINES—Sales of Union Bug and Paper Co. running ahead of last year. . . Henry Ford accepted invitation to lunch with President Roosevelt, forecasts lower commodity prices. . . Libby-Owens-Ford Glass Company turned out 273,000,000 square feet of glass in 1937. . . American Safety

Razor will place new Gem-lectric Shaver on market July 1 at \$15 retail. . . Some companies are reporting greater earnings in the first quarter this year than same period last year. Including Columbia Broadcasting Company, Corn Products Refining Company, National Biscuit Company, Conde Nast Publications, Douglas Aircraft, National Cash Register, and Canada Dry. . . S. B. Robertson, president of The B. F. Goodrich Company, predicts three out of every four farm vehicles will be rubber equipped in 10 years. . . War Department approves sales of airplanes to Great Britain. . . Railroads prepare to ask for another .5 per cent boost in their rates for carrying freight. . . RFC prepares to lend money to utilities so that they can build new plants. . . Easter week sales of Thom McAnn and John Ward shoe stores 12 per cent over 1937. . .

Cole's Camp Ground

It will soon be the first day of May. Some folks go fishing that day. Don't guess any one will go this time for the first day of May is on Sunday. (Editor's Note: It's also against the law to fish in open streams in Kentucky during the month of May.) I never did have very much luck fishing. But if there is anything I like better than fish it would be more fish.

Visitors in the Oliver home last week and this were Mrs. Nellie Oliver, Mrs. Luther Freeland, Luther Freeland and son Elwin, all of near Providence; Mr. and Mrs. Grover Gibbs of near Gibbs Store, Mr. and Mrs. Raymond Perry of near Spring Creek; Charles Guthrie, of Hazel; Mrs. Guy Moore, Mrs. Roy Edwards, and Hatten Lewis. Hatten has a new radio installed in his car, and Mrs. Oliver, Rubie Fay and Truman enjoyed a radio program Thursday night.

Do Wilson and Mr. and Mrs. Guy Moore shopped in Murray Friday.

A fairly good crowd attended church services at the Camp Ground Sunday.

Miss Annie Wilson, of near Blood River, and Mr. Bradley, of near Blood River, were married recently.

Mr. and Mrs. Floyd Butler are the parents of an eight-pound girl. The youngster has been named Bobbie Jo.

Mrs. Raymond Perry and daughter, Mary Lee, entertained a group of women last week with a quilting. Some nice needle work was done on the quilts.

Tolley McMillen and family were called at the home of Don Wilson Sunday evening. . . Mr. and Mrs. Roy Edwards were visitors of Mr. and Mrs. Ellis Wratler Saturday night. . . Guy Moore is improving from illness—Crab Apple.

Hundreds of acres of grass mixtures were seeded in Harlan county this spring, including lespeze, redtop, orchard grass, bluegrass and Italian rye grass. More than 7,000 seedling trees also were transplanted in the soil conservation program.

Gingerbread Goes to the Party!

The most glorified of all breads is undoubtedly gingerbread—which by every right belongs to the cake family. The warm, spicy fragrance of gingerbread is baking has the power to bring back all our childhood memories of feasts at their very best. Therefore gingerbread retains its special charm, as a treat among treats, all through life.

But even gingerbread, sacred to the memory of childhood, must move with the times. And today it appears on party tables, and as a special after-school treat, with generous slices of the mild all-milk cheese food, Velveeta, added to its spicy sweetness. Both gingerbread and Velveeta are old-time favorites with children everywhere. Combined they are the perfect answer for clamoring children's appetites.

Velveeta was especially created for children, to please their appetites, and to provide the extra nourishment they need. It is made by adding extra milk minerals to fine American cheese. Few foods so good for children are so heartily endorsed by them. They like its mild and delicate flavor, its smooth spreadable texture, its rich golden color. . . For this special party gingerbread, simply make a panful of your favorite gingerbread, cut it in squares, then slice the squares in two. On top of the first slice place a generous layer of Velveeta, cover it with the rest of the gingerbread square. If gingerbread is truly bread, then this combination is actually a sandwich—but such a gay and partied kind of sandwich as properly to deserve the name and fame of dessert.

Always Building

When this NC&StL track was first built Sam Houston was United States Senator from the new state of Texas and Stonewall Jackson had but recently graduated from West Point.

Time and again the NC&StL has rebuilt it—each time better than the last. Today, nearly ninety years after it was first built, new and heavier rail, larger tie plates, the most modern gauge rods, angle bars, chemically treated cross ties, clean stone ballast, and automatic signals, make this NC&StL track now, as always, a model for others to shoot at.

ALWAYS BUILDING, in spite of hard times, bad laws, exorbitant taxes, and unfair treatment, the NC&StL's tracks today are the best in its long history.

Save 25% WITH The New Firestone CONVOY TIRE

NEW HIGH QUALITY New low price

If you want to save 25% on tires, stop in and see the new Firestone Convoy Tire—the value sensation of 1938. You will find it has everything you want—safety, mileage, blowout protection, new design, new smart appearance—all at a remarkably new low price. And when you see it you will agree that Firestone has again set a new all time high in tire value with these outstanding features.

New High Quality— First choice rubber and cotton selected that conforms to Firestone's high standards and rigid specifications.

Long Mileage— Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches give protection against skidding.

Blowout Protection— Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone Patented Gum-Dipping process. Every cord in every ply is saturated with liquid rubber which counteracts lateral friction and heat that ordinarily cause blowouts.

Puncture Protection— Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread protects against punctures.

NEW LOW PRICES— because Firestone saves money by controlling and securing rubber and cotton at the source and by more efficient manufacturing and distribution. These savings make the extra values at these new low prices.

Let us put a set of these large sized, rugged, long wearing Firestone Convoy Tires on your car today, then your car will be ready for trouble-free summer driving.

Save and Protect Your Motor With D-X AND D-X ETHYL

LUBRICATING MOTOR FUELS

1. MAKE A TANKFUL TEST OF D-X OR D-X ETHYL

More mileage is an assured fact with D-X or D-X Ethyl, because, as an exclusive feature, these modern motor fuels contain a special high heat-resisting lubricant which provides needed lubrication to upper cylinder parts not adequately lubricated by crankcase oil. This extra upper cylinder lubrication makes engines run faster and cooler, decreases wear and increases mileage.

2. MAKE A FULL CRANK CASE TEST OF DIAMOND 760 MOTOR OIL

And Diamond 760—the pioneer 100 per cent paraffin-base, heat-resisting motor oil—insures complete, safe, long-lasting lubrication... actually costs less per mile!

A large crowd attended the funeral rites for Mrs. Alice Colson at Elm Grove Thursday afternoon. After the death in the early eighties of the father, mother, and infant child, the family of eight had remained intact for 40 years. But after 15 years, only one brother, V. B. Folwell, and one sister, Mrs. Ellen Skinner, Paducah, survive. After the death of two young children among the older ones, her own family circle had remained unbroken by death for almost 40 years.

Besides the husband, brother, and sister, among those who attended the burial services were almost a score of the children and their companions, almost a score of grandchildren, a score of nieces and nephews, a score of first cousins, and many other relatives, neighbors, and friends.

The large delegations of people from Murray and Paducah attested to the high regard entertained for Mr. and Mrs. Colson and their children. One floral piece came from New York City. The Elm Grove choir sang as a special request number a song of Mrs. Colson's composition.

A son was born last Friday to Mr. and Mrs. Ted Ray. The Ray family are staying with Mrs. Ray's mother, Mrs. Maud Wells. Congratulations, Ted and Lorene! I understand that a name good enough for the young man has not yet been found.

Minister L. H. Pogue preached a splendid sermon on "A Wise Choice" Sunday morning, at Friendship to an audience of one hundred. The new, unfinished seats were more than full, and chairs from Mr. Ragdale's were occupied.

Mr. and Mrs. Pogue took after-church dinner with Elder and Mrs. W. O. Clark.

A group who attended services at Friendship were planning to hear the singing at Heath yesterday afternoon.

Mrs. Mattie Owen, who attended church at Friendship Sunday, is another who has been oppressed recently by much sickness. Her cousin, Mrs. Alice Colson, was buried Thursday. Her brother, Denton Folwell, is convalescing from an operation in the Clinic Hospital. Her sister, Mrs. Mary Outland, is recovering somewhat from an invalidism. Her sister-in-law, Mrs. Ellen Nora Owen, is convalescing at the Mason Memorial Hospital from treatments and an operation.

We had a grand trip to Nashville. Several persons remarked the great courtesy extended us, not by one person, but by everyone contacted in Nashville. And no untoward incident of any import occurred to mar the holiday. Twenty-five persons were in the group sponsored by Mr. Walston and his juniors. Ten were in another "Faxon group," chaperoned by Mrs. Octa Georgia. This group visited Mr. and Mrs. J. R. Donelson's uncle and aunt, Mr. and Mrs. Pete Parker.

While this Murray contingent were inspecting the Hermitage, school buses from Bowling Green, Morehead, and two other Kentucky schools were there. Other parties from Alabama and Knoxville were there. The Hermitage is certainly a beautiful and interesting place.

We went on an educational tour of the state penal institutions at Nashville. We drove around Vanderbilt and Peabody colleges, the state capitol and the new state supreme court building, the new courthouse, and many other public buildings. We saw the McQuiddy Company and the Southern Agricultural buildings. All but Alf went to a movie and on little shopping trips.

We regretted that we could not stretch our day to include the Parthenon and the huge rayon and cellophane plants we passed.

We ended the day with a visit to the Grand Old Opry. Several expressed disappointment at our not having an announcement of our presence, but in the 5,000 crowd, the 35 from Faxon were insignificant. And, because of car trouble, we did not arrive until 9:00 p. m.

We arrived at Faxon about 4:00 a. m., and on we were a somewhat sleepy bunch at church, but none of us were guilty of napping there—Alf.

PREFER EASE? DON'T MILL FLOUR!

Modern Milling a Complicated, Exacting Business

One reason for the complexity of modern milling is this: a high-quality, all-purpose flour such as Pillsbury's Best, which is featured in the Motion Picture Cooking School, cannot be milled from a single type of wheat.

There are hundreds of kinds of wheat, each of which may vary from year to year, according to soil and climatic conditions. Yet the blend of choice wheats from which Pillsbury's Best Flour is milled must produce not only a flour that never varies in quality but one equally-suited to all kinds of baking.

The first important step is taken by Pillsbury's grain scouts. At harvest time they survey the country's grain-raising districts, collecting samples of wheat. As samples of

WHY GROW TOBACCO?

For cash. The LEAF brings the cash. Not stalk, not blossom, not seed. Only the leaf brings the cash.

The Knoxville Fertilizer Company in making Dark Tobacco Brand is thinking of a better leaf. When making and assembling fertilizer materials; when processing and combining these materials; when basing and pulverizing Dark Tobacco Brand we always have in mind a heavy, stretchy, lively leaf of Dark tobacco.

This is why Dark Tobacco Brand leads all other tobacco fertilizer brands throughout the Dark belt.

these wheats arrive at Pillsbury mills, they are ground in a small experimental mill. Chemical analyses of these flour samples determine what blend of wheats will match Pillsbury's ideal all-purpose "balanced" formula.

Then, as the actual milling of Pillsbury's Best Flour is done, still more tests are made. Every hour during the day, both chemists and bakers check the quality of the flour. No bag of Pillsbury's Best Flour can leave the mill until it has been proved perfect in quality and performance.

The milling of flour long ago ceased to be merely a matter of grinding wheat. It is a complex process requiring skilled technicians, highly specialized equipment, and years of experience.

Hutchens' Shop Has Work Done

Will Hutchens, operator of Hutchens' Barbecue shop in College Addition, this week renovated his entire store, changing the paper on the walls, rehanging pictures, and greatly improving the appearance of his shop.

New pictures were hung on the walls, and an electric clock was stationed on the north side opposite the eating bar. Mr. Hutchens declares his shop now will be more homelike in appearance and will be improved vastly by the work done on it.

"STAR IN MY KITCHEN"

The TALKING MOTION PICTURE COOKING SCHOOL

Presented By LEDGER & TIMES

at the CAPITOL THEATRE

Friday and Saturday, April 29-30, 10 A. M.

Doors Open 9:30 A. M.

FREE ADMISSION **YOU WILL BE ABLE TO SEE ALL AND TO HEAR ALL** **FREE GIFTS**

Every woman in this community should plan now to attend the showing of "Star in My Kitchen." You will see real, life-like situations—similar to the ones you encounter every day—actually re-enacted on the screen. And best of all, there will be many demonstrations of recipes—especially prepared for this picture—by some of the foremost home economists in the country—unusual and different dishes that will appeal to every member of the family. You can't afford to miss this new and different cooking school where every single one of the important steps in the preparation of a recipe—mixing, blending, stirring, baking—all of the many and varied points essential to successful cookery are shown in closeup on the screen. And the finished dishes are faithfully reproduced in full color.
